

FAASTeam presents:

IMC Club Monthly Meeting - Bremerton and Gig Harbor Area

IMC Club (Tacoma Narrows-PWT) meets monthly for guided discussions (also known as "hangar talks") focused on real scenarios which call for tough decisions in the real world IFR environment. As we discuss the monthly scenario, we share ideas and safety tips on how best to deal with specific IFR challenges. Our objective: continually improve proficiency in IFR flying for pilots at ALL experience levels. This is a true participative discussion seminar and NOT just another one-sided lecture. This seminar is eligible for WINGS Credit through the FAASTeam.

This month we will be discussing how to avoid Thunderstorms and other Adverse Weather, by better pre-flight planning and use of real-time weather avoidance techniques in the airplane.

We will discuss a scenario as well as some tools to use in predicting and deviating around convective activity with the help of ATC. Pilots of all skill levels and experience from student pilot to ATP are welcome.

Event Details

Sat, Jun 3, 2023 - 09:00 PDT

Bremerton Airport Terminal

Conference Room

8850 SW State Hwy 3

Bremerton, WA 98312

Contact: ERIC JACQUES RUBEL
